## Comments from some past BASS TALK attendees:

Best \$\$\$\$\$ I have ever spent. Well worth the trip. Not just for the information you gained on fishing but also to meet a lot of good people, not to mention the money that was raised for a great cause! Recommend anyone at any level of fishing goes next year (you're gonna have one next year right?). WELL DONE!

John Cigler

Just wanted to take the opportunity to say "Thanks" to everyone who had a part in making yesterday such an awesome day!!! Everything was well put together from beginning to end and I had the opportunity to meet a lot of terrific people! (It is always great to get a "fishing fix" at this time of year!!!) The speakers were friendly, down-to-earth guys. Their presentations were well put together, and I learned from every one of them. The really great thing is that the more I learn, the more questions I have! I think that seminars like these really help us to improve our skills, whether you're a weekend warrior or a dedicated tournament angler. They get your adrenaline going, and make you think about things you can do to improve your "on-the-water" experience, and what you need to do to catch more fish.(...I just love it when a good plan comes together!!) I sincerely hope that Bass Talk 2006 is just the first of many!!! Thanks again for all the hard work and planning involved in putting this together!

A very fun and informative day. A great job by all speakers and all who pitched in to help. Everyone I talked to of the close to 100 people attending had nothing but good things to say. Also KUDOS to everyone who bought tickets for the Casting for a cure raffles.

Pete Bartonek

Thanks again to Les, Dave, Peter, Simon, Mike, Doug, Melanie and all the sponsors, you people put together a one of kind event. First class all the way and at the same time for a worthy cause, (great food too).It was amazing to have kept the informative packed schedule working like clockwork. Looking forward to BASS TALK 2007.

Albert Hui

Thanks to everyone involved in Bass Talk 2006. It was a great day, really informative and awesome to support a charity. I also think it was awesome how Dave thanked the women for participating. My girlfriend Felicia had a great time and loved the hat. Thanks again guys.

Bryan Carvalho

The bass talks I attended this winter were more than just "fluff". I would recommend them to any tournament or non-tournament angler interested in improving. Thanks to David Chong and Doug Brownridge, to positive ambassadors for the sport, for setting this up. I hope they can do it again next year. Also, a thank you to all the other people you donated time and effort to make this a worth while endeavour and to add a little fishing FUN for the winter months.

Rae Almond

I was at Bass Talk 2007 in Woodbridge; I had a great time learning from Canada's best. All the Pro's and I mean ALL where very friendly and helpful. Will take it again in 2008. A great group of fisherman that are approachable under one roof.

### Domingo Oliveira

Got my 75 dollars worth and more, looking forward to more again next year, great day.

### Dave Spence

I'm really glad I took your advice Dave, scrounging up the 75 dollars I mean, It was well worth it. If any of the other talks were like the one in Huntsville WOW. A wealth of knowledge and hopefully a few new friends.

### Wayne Foreman

Great job by everyone involved, I picked up one thing from every speaker, also great donations to a couple of very worthy causes!

### Chris Ridgewell

I got my \$75 worth just from Garrett's presentation; the rest was just a bonus.

### Wayne Barlow

All I can say is...once you've heard about it, it's already happened and if you weren't there you missed it. Information overload...Awesome 2 days, Awesome Line-up.

### Todd Currie

All I can say is .....WOW

Saturday was a great talk and if anything, Sunday was even better.

There were all types of anglers at this event from children and rank beginners (not necessarily the kids) to seasoned vets (right Garnet?) and I'm sure everyone got something from this!

Very informative and I'm glad you supplied the notepads because like Todd said earlier....."information overload!"

Great speakers, great topics, great door prizes, great lunch, great fundraising event (silent auction) all equal a great time. If you didn't get to this event make sure you get out to one of the others as you will definitely learn some things.

Thanks to Dave and Doug for setting this up and to all the speakers and to Mel for her hard work and pushy ticket sales!!!

### Shawn Richardson

Great event! Lots of good, solid information. Lots of topics and lots of good questions. Loved hearing the stories during the open forum sessions both days. We are all now armed with the information that we needed to start becoming better anglers and tournament fisherpeople .... hope it helps all that attended. I bet Gord Pyzer even made some of the seasoned tournament pros think a little differently!

### Ken Welsh

Great job guys. I will definitely mark it on my calendar for next year. Might even make it to the steel town this year. The only problem with having it this early is it gets you cranked to fish and the season is still months away.

### Mark Cressman

A very informative weekend I'm sure everyone can learn from an event like this .Thanks to all involved for the hard work and commitment to setting this up, and helping out a couple of great charities to boot. Excellent job.

### Mike Graham

Great Job everyone who organized the Bass Talks last weekend. It was well worth it. I have 3 pages of notes from Rocky Crawford's seminar and Doug Brownridge was a breath of fresh air with his no nonsense tell it like it is approach to fishing seminars. It was a lot of laughs and insight to how the most successful tournament anglers in Canada approach fishing.

### Carey Miller

All I can say is that if I can put half of what I learnt at Bass Talk to use this year, look out guys. I just looked at the group that will be talking in Hamilton and I think I'm up for that one also. This time I hope to get a door prize. I'm batting 0 for 3 between 2006 and 2007. At least all the guys I drag out with me have all gone home with prizes. They get the prizes and I get the knowledge. Once again, thanks to David, Doug and Mel for putting together a very informative event.

### Jeff English

It was my first time attending, and this has to be the most informative seminar I've attended. It's a must for anyone wanting to fast track their learning curve. All the speakers strive to provide you with the highest levels of learning. Great job all!

### Steve Hashimoto

Great day guys...what a way to get the old bass blood boiling, talking fishing on a gloomy February day...information overload, well worth the price of admission...Well done...

### Bill Clarke

It was my first time attending, and it was amazing how much information you can pick up from these guys. Enjoyed every minute of it, plan on attending more. Great job Dave & Doug
